

Our annual bus trip this year was a scenic drive through the Forks of the Credit River, then on to Malton Airport and then back to Black Creek Pioneer Village on the outskirts of Toronto, then we visited at a Brampton nursery and greenhouse.

In October this year we had Miss Joan Anderson, Home Economist of Walkerton as our guest speaker, at our meeting. She spoke on "Meat in the Menu".

- Sunshine Committee, - Mrs. Maurice Young, Mrs. James Napper
- Tweedsmuir Curator - Mrs. Wilson Parker
- Committee - Mrs. C. McLeod, Mrs. Thos. Young
- Pianist - Mrs. Wilson Parker

At our first meeting of Canada's Centennial year, 1967, in January, a very interesting paper was read on the History of West Brant Presbyterian Church, which was built in 1869. This is a stone-block Church, and served the Community as a place of worship until 1909. In 1962 it was converted into Douglas Hill Mortuary.

Early in 1967, ways to further our Centennial project were discussed and one project decided on was to sell tickets on a quilt, the draw being made at the Annual Meeting in April with Miss Carol Pilgrim of Eden Grove being the winner, also money received from a previous bake sale was added to the quilt raffle. The total amount of \$66.00 was given to the local Boy Scouts to buy sleeping bags. This was the extent of our Centennial project.

Brant Township's Centennial Project was a Farm Beautification Contest, with a member from each of the five Women's Institutes in Brant Township being the judges. They were namely, Mrs. Norman Frook, of Malcolm Institute, Mrs. Gordon Inglis, of Solway Institute, Mrs. Morris Francis, of South Line Institute, Mrs. Earl Johnson, of Brant-Greenock Institute, and Mrs. Wilson Parker, of Eden Grove Institute.
