

# Eden Grove WI helps buy chair for disabled person

Eden Grove Cargill Women's Institute met at the Cargill Park building on March 25.

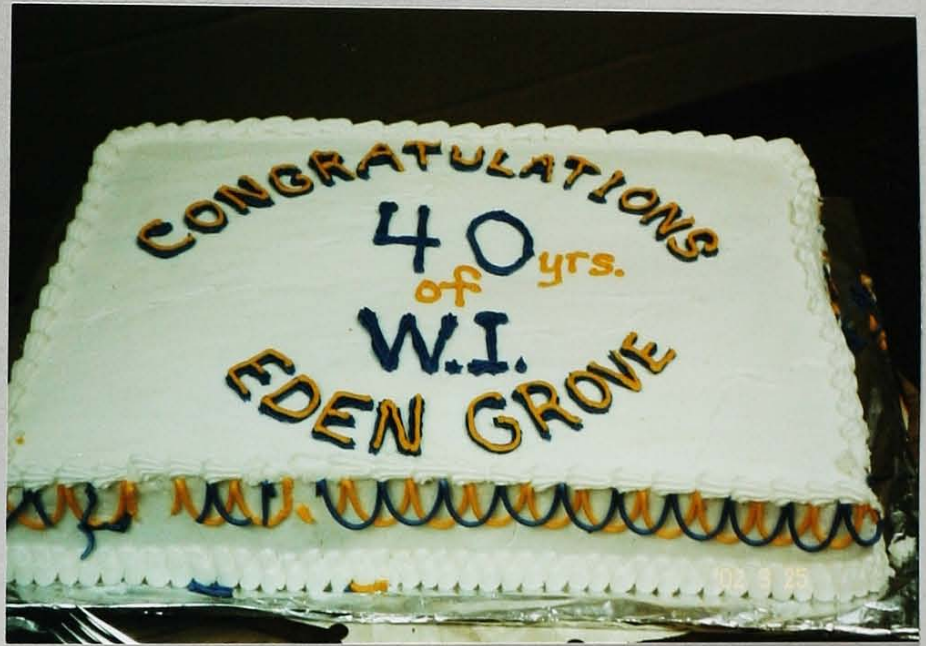

Alex Jantzen and his family were guests and showed members the new chair the institute helped provide funds for.

Members from Pinkerton Institute, Malcolm Institute and Solway Institute attended a presentation by Barb Patterson on women's health issues. Patterson gave a talk on health issues

women should watch for and handed out pamphlets and recipes geared to healthy lifestyles.

A short meeting followed the presentation, with the roll call "tell us about a place you have travelled to", answered by 14 members and two guests. Debbie Young, Corinne Dayman, Ferne Abell and Linda Abell served lunch.

The next meeting is April 11 at the home of Carolyn Abell at 8 p.m.
