

Since the white pine was chosen as the national tree for Ontario, the only province with a national tree I've been trying to locate one at the nurseries and plant spots, but so far no luck. Remember in 1963 we were given the opportunity to buy the Almey Flowering Crabapple to make Canada beautiful in 1967. Mr. Haavanit had a special price for Institute members to buy for all members. They don't even seem to be aware about the White Pine. Guess I will have to go further a field.

It is several years since I taught the 4-H girls but this past week I was given one of the highest awards I have received from my girls. Jennifer Stewart invited me to attend the Achievement night at the Propeller Club in Warton to enjoy the potluck dinner and to see Jennifer receive her Advanced Honors for successfully completing 18 clubs. She had her boyfriend, Terry, pick up Joan Dickinson and I to go to it and he brought us home after the program was over.

While I often sing the praises of birds we saw the other side of the picture when starlings got loose in the Community Centre. Several of the girls and men worked all one evening and then three Institute members worked from nine to 12 the next morning.

## Kelly's Korners: a unique restaurant — post office combo

A new restaurant opened in Chippawa Hill last week. The Spinning Wheel Restaurant is a new addition to the services offered by the Kelly's at Kelly's Korners.

The grand opening of the Spinning Wheel Restaurant at Kelly's Korners in Chippawa Hill is this Saturday, May 5. It's the only restaurant we've ever heard of that also functions as a Post Office.

Anne and Bob Kelly moved here ten years ago from Waterloo with their five children to take over the two-bay garage at what is now known as Kelly's Korners.

Over the years the Kellys have added to the garage. First came small variety store, then, eight years ago, they took over operation of Chippawa Hill Post Office. It serves the Saugeen Reserve and area.

The most recent addition is a Mennonite-style restaurant called the Spinning Wheel. Decorated with country memorabilia, a genuine spinning wheel and over 50 collectors plates displayed on a plate rail around the room, the restaurant will have its grand opening this coming Saturday, May 5. To help cook that day, Anne Kelly is bringing in her aunt, Mrs. Annie Martin from Kitchener. Mrs. Martin has helped put on two Mennonite-style dinners in this area during the past few years.

At the grand opening there

will be two sittings, one at 5 p.m. and the other at 6:30. They will be cooking such things as farmer's sausage, old fashioned tapioca pudding and shoofly

pie. All will be style, of course. be a spinning der Phone reservations...797

Mr. and Mrs. Raymond Moffatt were the hosts for a reunion of members of the 'Ray Comanchero' band from Friday to Saturday. Between 55-60 attended and stayed at the Moffatt home in campers, etc. A buffet supper on Saturday, followed by music by all members present on a haywagon set up with all the necessary equipment, made for a good time of fellowship and memories. A pancake and sausage brunch on Sunday added to the fun for guests from Lindsay, Oshawa, St. Catharines and other spots near and far. The weather was perfect with a full moon to complete the scene.

An anniversary celebration was held for Bob and Ilene Kirland's 25th at the home of their daughter Leanne, Mrs. Rod Weller and Mr. Weller. Congratulations to the Kirklands from the community.

March 11  
We had the worst storm of the winter, as far as wind and whiteouts go. Many roads were closed and most of us were thankful for a warm home and the necessities of life.

Our sincere sympathy to Veda Kirkland on the death of her sister, Ethel Radbourne, of Owen Sound. The Women's Institute has lost a very devoted member, who served as Provincial Board Member, Curator, and all the positions down to Branch member. The latter is possibly the most important position of all for without branch members supporting the officers there would be no Institute.

Congratulations to Valerie McComb, daughter of Ron and Marilyn McComb of R. R. 3 Owen Sound, on winning the trophy and three firsts at the Highland dancing in Port Elgin on Saturday. She won first for the Fling, Sword and Sean Tribhus. Mrs. Rae McIntosh was a proud grandmother as she accompanied the girls. Marilyn, a member of the Music Makin' Moms, was playing at the Hanover Fair. Dianne McComb participated in the dancing also.

This month of January 1984, will long be remembered for the continuous snow falling and piling up. Temperatures going down lower and lower. The sound of the snowplow in the early morning hours is a welcome sound.
