Trevor Angel

Athlete of the Week

"After you have refereed a few games, when you go back to playing, you don't get on the ref's back as much about things. When you referee, you want to do everything as fairly as possible. It's a hard enough job to do, without the hassle of having somebody yell at you."

That comment comes from Trevor Angel, 17, of Tara who is this week's athlete of the week.

Besides participating in a number of school sports at the Chesley District High

School including soccer, volleyball, badminton and basketball, Trevor helps to referee basketball games at the high school and also volleyball games at the public school.

Last year, Trevor represented C.D.H.S. in the running long jump competition at the CWOSSA track and field event.

Now in grade 12, Trevor, who admits he "loves the outdoors" is planning to attend Sir Sanford College in Lindsay to study Natural Resources management.

1987

Legge Farms in Elderslie Township hosted another Pioneer Super Expo, last week. According to Doug Legge, a sales representative for Pioneer Seeds, about 350 people attended the

event, which included plot tours and lunch. Farmers were given an opportunity to learn more about the existing, as well as new, product lines.
