Official transfer

On December 8, 1991, several members of the community gathered to watch the official transfer of the Glasgow

Community Hall to the Arnprior McNab Lions Club.

In 1915 the land on which the hall was built was donated by John W. Hamilton and Agnes Hamilton. In past years the Glasgow Community Hall served as the centre for community activities. Church and Sunday schools were held there until the church was built.

John Young, the last living member of the hall committee, presented a plaque to the Arnprior McNab Lions Club,

which will be hung in the hall, in memory of the Hamiltons who donated the land.

The hope of the Arnprior McNab Lions Club is to upgrade and re-vitalize the community hall. In so doing they hope that the hall will again become a vital part of our growing community.
