Purple Valley 4-H News

The first meeting for the latest 4-H homemaking project "Your Corner of the World" was held on February 18, 1980 at 7:00 p.m. at the home of Audrey Hepburn.

The meeting was opened with the 4-H pledge. Cathy Cook was elected President. Cindy Cook is looking after the club scrapbook, and the club will once again have a roving secretary. As this project will teach the members how to macrame, it was decided that a suitable club name would be the "Knotty Know-Hows." The history and materials of macrame was discussed briefly. Members also discussed decorating ideas and changes they would make in their bedroom; their corner of the world. Members will be beginning a clipping file of furniture, rooms, accessories, etc. that appeal to them, as well as a clipping file of macrame ideas and instructions.

The meeting was closed with the nine members reciting the 4-H motto.

The next meeting will be February 25, 1980 at the Hepburn Homestead.
