

The birds have ceased their singing
 The flowers are fading fast
 The little brook flows swiftly by
 And snowy white clouds appear in the sky
 God has provided a wonderful world
 For you and for me.
 May we give thanks
 and celebrate.

Please come to our garden party
 on October twenty-six
 If you have a friend or two
 They are most welcome within our gate
 The party is from three to six
 At 911-666
