

Collin Zettler was all over the field last week as he helped his Hanover Pharmsave teammates achieve a 3-1 win over Hanover New Life Mills.

The under-8 league soccer player plays the centre position on his team, and he helps protect his net while setting up the offensive attack.

Collin said his favourite part of soccer is having fun while having the chance to meet new friends.

Collin is eight years old and lives in Hanover. He recently completed Grade

Collin Zettler

2 at Immaculate Conception School in Formosa.

Besides playing soccer, Collin also likes playing hockey.

Athlete of the week receives a free small pizza from Pizza Delight.

ATHLETE OF THE WEEK

'Get things done in timely fashion'

Ron Lemont

Councillor candidate

1. I currently own and manage my own business, Stedmans in Walkerton. My work experience has been in retail management and I have also worked for a local accounting firm.

I have held most executive positions, including president, of the Walkerton Kinsmen Club. I have in the past been active on the Chamber of Commerce including serving as president.

I was also on the Streetscape committee that overseen the reconstruction of Durham Street in the downtown core.

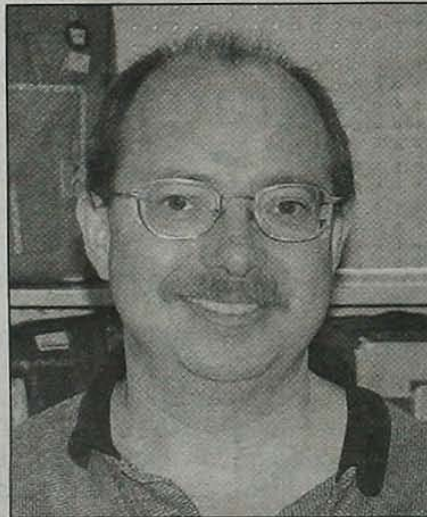

2. There are several issues of concern for the next council. The debt will limit the capital projects. The current debt - \$5.5 million.

When combined with the one-third federal and provincial funding that equates to \$2.25 million not available for street construction each year.

Policing presence is also an issue. Economically sustainable developments of the East Ridge Business Park to ensure those taxpayers do not overly subsidize the development. The new council should strive to get things done in a timely fashion.

3. I promise to work to ensure that council strives to tackle the issues. By reducing our debt we will have more money available to do much needed roadwork in the future.

4. My hard work, experiences, dedication, honesty, and integrity in working for the betterment of all of Brockton.

Sept. 06

SIEGNER - Bill and I would like to thank everyone who contributed to our beautiful gift of a grandmother clock and also, thanks everyone who was able to come to our surprise party and enjoy great food and fellowship. A special thanks goes to Earl & Beth Brears and their cohorts, Bill & Brenda Meyer and Joan & Wilbert Stroeder, our good neighbours, who we suspect were responsible for organizing our party. Bill wondered how everyone could keep it a surprise for such a long time. When he realized what was going on, it was overwhelming. He thinks I had something to do with it to try and speed him up to move, but I was just as surprised as he was. Even though both of us were too overwhelmed to think straight at the time, we want to thank you from the bottom of our hearts and invite you to come out and see us when we're settled in Hanover. Thank you so very much.

Bill & Phyllis Siegner
