

# Lana Girodat Goes To Brazil

V5-16

## UP THERE WITH THE BEST

Bryan Crispin's goal scoring ability is an asset to Kapins Roofing, currently top team in the Hanover Men's Industrial Hockey

League. Because of his artificial limb, Bryan laces only the bottom four eyelets of his right skate.

Mildmay Rotary Club will be sending two "outbound" students in the Rotary International Student Exchange program, with announcement that Miss Lana Girodat of R.R. 2, Walkerton has been chosen to spend the coming year in Brazil. Lana, a student at Walkerton District Secondary School and a daughter of Mr. Clayton Girodat, will be leaving to start her year in South America about mid-August. That is the same time that Mildmay Rotary's other Exchange Student, Barb Jones of Walkerton will be leaving for her year's stay in Australia.

The Mildmay Club is very happy at being named to sponsor two students... their actual first outbound representatives since going into the program. (Mildmay does have one "in-bound" student at the present time, Miss Sophie Dombar from Belgium). Mildmay Rotary was earlier named to host their "second" in-bound student, a boy from Sweden, but he has since decided to

go to the United States and will be hosted by a north Chicago Rotary Club. In his place, the Mildmay Club is expected to host a girl from the Philippines.

When the Crier contacted Lana with regards to her trip to Brazil, the first question asked was "why did you chose to go to Brazil?" Lana wanted to go to a country in the southern hemisphere and originally thought of Australia, but she wanted the challenge of learning another language and that's where the choice of Brazil came into being.

Miss Dombar is currently touring with other Exchange Students in British Columbia and returns through the States. She is expected back within the next week and members of the Rotary Club, their RotaryAnns and guests will be gathering for a "Farewell Party to Sophie" (as well as a send-off to Barb and Lana) as the year is nearly up now for Sophie to return to her homeland.
