FIRST DAY PARADE — Bruce Grey MP Crawford Douglas, carrying flag at right, leads the opening day parade through the tent city at the International Plowing Match near Walkerton Tuesday.

"That's fun," the MP said after carrying the standard for the Bruce County Pipes and Drums. The parade took an hour to pass any given point.

Crawford Douglas, M.P. for Bruce County, here carries the banner for this all-Bruce County highland band.

1976

That famous garden party has come and gone for another year. With an almost perfect moonlit night; with all roads leading to "Col." Cameron's and lined with all manner of vehicle whichever way one looked, the largest crowd in the history of St. Andrew's Presbyterian Church was recorded. The gate receipts is the way to know, and the fact that \$174.75 was taken there shows that there were a thousand, people, young and old, at the event. The "chief" has never had his fine farm looking better. With the great Union Jack fixed to the mast and much bunting and decoration of all kinds, the fine lawn and garden were never seen to better effect. One of the greatest spreads of the season was served by the women, and the fact that the supplies were dangerously near to an end was another proof that the crowd was larger than ever, because the people in that church are always ample providers.
