

One of the first road graders used in Saugeen Township has been restored to its original appearance and was unveiled at a ceremony recently. The grader was found by municipal staff on a former reeve's property. The Saugeen History Hunters donated \$1,000 towards having the grader mounted outside the municipal building on a concrete pad. A plaque attached to the pad honors early settlers of Saugeen Township. From left, Ken Gowanlock, Saugeen History Hunters, Ron Thede, roads department and Alex McCulloch, Deputy-Reeve.

Turner's Bridge on the 4th Concession of Saugeen is closed due to an ice jam. The ice has caused the bridge to shift a distance of four to six inches. C. Meingast photo
