

# Best in hockey seen at Warsaw

Apr 2/76

Mr. W. Prime of the Lakefield Imperial Bank presents Charles Frankish with the Valedictorian award.

The special awards for academic excellence and contribution to school spirit were highlighted by Charles Frankish, who won a total of eleven awards, including that of valedictorian. He stressed in his

speech, that success was possible when objectives were set and maximum effort was expended in working towards them. He also maintained that confidence was required and a student should, "see yourself achieving and you will achieve."

Best wishes to the Warsaw Juveniles who won their series 3 out of 5 with Thornton. All our best now guys for the finals.

On Sunday night I saw the best hockey in a long time at Warsaw arena. It started with a rough, fast game between the Warsaw and Norwood Atoms, the 9 and 10 year olds. Norwood won that game 5 - 3.

Then in the main event the Warsaw Redmen and the Warsaw Flyers took to the ice. The puck went flying in all directions with at least two being hit and probably several including me, just missed.

Wayne Tedford scored first for the Redmen, the Flyers evened it and then Wayne scored again, quickly followed by another by the Flyers. And that is the way it went all night. Each time one team scored the other evened it. Ray Clifford and Rick Payne made other markers for the Redmen but it was a goalie's night with both Ted McMillan for the Redmen and the Flyer's Dougie Brault giving it all they had.

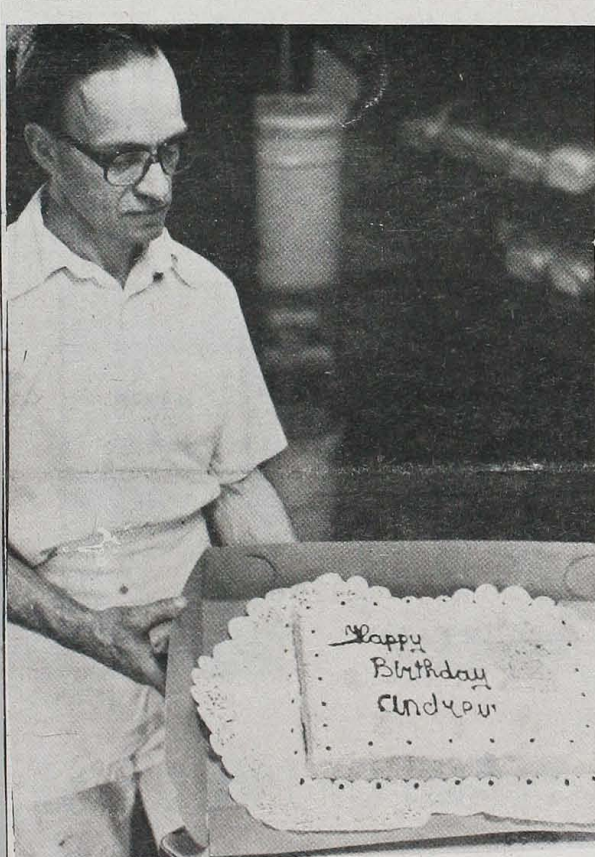

Carl Darling for the

Flyers put in the winning goal and then Randy Andrews put another into the empty net to give the Flyers a 6 - 4 win.

A League Trophy was presented in memory of Mr. Russell Tedford who was an avid hockey fan and whose sons play on both teams. Mrs. Dora Tedford presented the trophy to the Flyers captain Terry Horrigan and Mr. Roger Dyer, president of the Warsaw Men's Hockey League presented Terry with the League Trophy.

It was terrific hockey but I must say I don't think it is fair when players are out there playing their hearts out and get slammed against the boards and then the fans grab their sticks or their sweaters. And some of the language leaves much to be desired. Let's clean the act up.

Coach Stan Lonsberry, Mgr. Royden Cooper and trainer Randy Freeburn it was good teamwork, good refereeing. Congratulations to everyone.

Cor Verhoven, the owner of Lakefield Home Bakeries, received a special order from the Lakefield College Boy School. Mr. Verhoven who makes on the average, 120 birthday cakes a year, for students celebrating birthdays at the college, received a call from the school last week ordering another birthday cake. This order was different from the other 120 orders that he received...no last name was given. But it is safe to assume the cake was for Prince

Andrew. Why, because on Saturday, the Prince celebrated his birthday, and the school asked that it read "Happy Birthday Andrew". The Leader dropped in on Mr. VerHoven on Friday to record on film the baking and making of a royal birthday cake. The Prince will have missed the cake though -- he spent his birthday in Toronto attending a World Tennis match at the CNE.
