Zion Amabel W.I. donates to New Medical Clinic

In front of the main entrance, Dee Renaud (Left), and Doreen Wrightson (Right) of the Zion-Amabel Women's Institute present a donation to Marj Lipka (center) for the New Medical clinic.

The property where the Medical Clinic is now being built was once a campground run by the Women's Institute. The Zion-Amabel Women's Institute was established in 1936. The campground ran from 1951 to 1994. Five local Women's Institutes were involved in the campground, only three are still running today. They were Zion-Amabel, Allenford, Parkhead, Elsinore (folded) & Hepworth (folded). Did you or anyone you know camp there? Do you have a story to tell? Please submit to bulletin@saublebeach.com.
