invites you to a special presentation

Peter Coffman's  
Camino de Santiago

Wednesday, Oct. 18<sup>th</sup> 7<sup>pm</sup> at St. Paul's Church  
2006

Peter Coffman, raconteur/professional photographer and Oliver Schroer, composer/violinist and their spouses made a 1,000 kilometre pilgrimage through France and Spain, the fabled medieval odyssey - the Camino de Santiago. Along the way, Peter made breathtaking photographs, and Oliver performed in ancient churches to record solo violin compositions. Peter will present his photographic and musical re-creation of their Camino journey - the sounds of the daily life on the route, the stories and the music (haunting and lyrical, Oliver's Camino CD is played frequently on CJAI and CBC). If you can make it, you will be entranced.
