MEMBERS OF STIBBARD & DISTRICT W.I. 1999/2000

The Institute's most visible and lasting legacy to the Village is its Village Sign. It was created by professional artist, sculptress and W.I. member Ros Newman to celebrate our Jubilee Year in 1976. In her hands, obsolete metal oddments, farm implements and bits of machinery from local sources were welded into that most enduring of rural images - THE PLOUGHMAN. Artistic ability was matched by dogged determination on the part of the President and Sub-Committee to resolve the many administrative obstacles the scheme encountered. It was that combined effort which resulted not only in a visually unique Village Sign but also one with a buried time capsule in its plinth. Ros Newman has moved on, but present members also have talents which continue to benefit the community

SEE WHAT THE BALLOONS SAY!

- VALERIE** FORMER GLOBE-TROTTER. COMPUTER CO. EXECUTIVE - NOW EXPLORING COUNTRY PURSUITS
- DIANA** GUEST-HOUSE PROPRIETESS. GARDENING CLUB SECRETARY. CATERING SKILLS
