Dear Secretary,

I am the Secretary of Grindleford Women's Institute in the Peak District of Derbyshire, England and I am writing to you to ask whether you can help us in our latest venture.

Each year we host an evening of entertainment, including a meal, for members of our own and neighbouring W.Is. We choose a country as focus of our evening and this year, because the W.I. celebrates its centenary we have chosen Canada.

But - we need some help! Can you advise us about -
a) A suitable (typical) menu - starter, main course and sweet.
b) Songs which we might all enjoy singing.
c) Other entertainment which might be considered typically Canadian.

Also -

- 1) are there any Stoney Creek posters we could use to decorate our hall for this mid-April evening?
- 2) Do Canadians call W.I. members "Wild Indians" or is this a British invention?

We would be grateful for any information at all and will, of course reimburse you for any costs you might incur.

Yours sincerely

Kay Beeston
