were taken on a guided walk of Ulverston by the lady at the front pointing her finger. She is a local historian and was pointing out some of the little known parts of the town that are of historical interest.

I am going to use more of the material you sent at our "International Day" on October 23rd. The theme is Canada and we will be honoured by a visit from Mrs. Lindsay Hackett-Pain the World President of A.C.W.W. One speaker will be Mrs Judith Steiner, Chairman of the 'Maple Leaf Club' in London. Should be interesting. I, along with one or two other members, will be creating a "Canadian Collage" to exhibit.

So you see, apart from going out to work full-time, singing in the Church Choir and busy with the W.I. life gets very hectic sometimes.

Thankyou once again & please accept the 5 dollars towards postage.

Kind Regards, Charlotte Wills.
