

LISE STORGAARD
RR #2 CANFIELD ONTARIO NVA-1C0

JANUARY 4-82

Dear Hilda:-

A very special thank you for allowing my boy, Wade & I to view the Edward Lee Home. Wade enjoyed the dolls very much and said "they are in fine condition". The Christmas decorations are some of the finest I have seen in many years. You are a most charming hostess or was your husband, host. I wish very Happy New Year to you both. I am very proud to be a part of this heritage here the Womens' Institute

Thank you
Lise Storgaard

African Violet: the kindest treatment for these lovely but delicate plants is to set them in filtered sunlight or in 16 hours of artificial light. An average to warm

temperature day and night is most suitable. Keep the soil moist but not wet and avoid wetting the leaves. Water from the bottom.
