

showed, all present had visited an Industry. Convener of Agriculture and Canadian Industries opened her program by a <sup>speed</sup> picture contest of a dozen Industries winners Mrs. Jas McNaught and the President. Mrs. MacEwen then gave a talk based on her recent reading of a Chicago Daily News which devoted two entire pages to Canadian Industry - headed as follows Three thousand miles of unpoliced border proves that great nations can be great neighbors. American capital and push are opening up Canada's northland. Three out of every five newspapers on this continent are made from Can newsprint. Cities and farmlands of Canada throb with prosperity. Kitchikan B.C. produces 90 000 T. aluminum annually. We're living in a land of plenty. Mrs. MacEwen was thanked for her excellent handling of her subject and quiz.

The President led in a helpful discussion of members and Convener's duties.

Our National Anthem closed the meeting. Annual meeting to be held at Mrs. Stephenson's.

Pres. Mrs. Laurice Wade
