Dear Mrs Lyle Nash,

I cannot tell you what a pleasure it was to me to receive the invitation card to the Golden Jubilee Banquet at the Mother Institute, Stoney Creek. I only wish it was <sup>ever</sup> possible for me to accept your kind invitation.

I well remember my visit to Stoney Creek, and my many happy visits to Institute members throughout the whole Dominion.

May I send you all my very best wishes for the happy celebrations on February 19th and congratulations of your fifty years of magnificent work? I believe that the Institutes have a very big part to play in world reconstruction. <sup>The war</sup> Institutes here, after the long strain of the war, are beginning to start their peace time activities again and have made quite a move forward in drama and other things.

Again with all my best wishes,

Yours very sincerely,
