

1936

on Monday evening June 1st at 8 o'clock the executive of the Winona W.C. met at the home of Mrs. John Budge for the purpose of planning some project for our local Public School children. Having the opportunity of talking the matter over with the Principal, Mr. W. E. Beede, along with 2 of his staff Miss S. Duane and Miss J. Bogle, it was finally decided to give the pupils in the 3 higher rooms, a special test in reading, writing and spelling, the Institute offering a prize to the pupil receiving the highest standing in all of these subjects. A prize would also be given to the pupil in the Primary room who obtained the highest standing in his or her work throughout the year. These prizes will be presented at the School Fair in the Fall. It was also decided that we would no longer give a prize to the pupil receiving the highest standing in the Entrance Examinations as was given in former years.
