

Some Historical Research can be traced  
back to Biblical times in the time of our  
Lord. From the year 500 to the year 1500 we  
have the history of the church, the records  
of her services. The growth of Democracy is  
peculiar. We live in 3 realms - past - memory  
present - reason and future - hope. We are  
building a city for the future. We must  
build on a firm foundation, and hold  
it up as a beacon for others to follow.  
A hearty note of thanks was referred to  
Mr. Loeue, by Mrs. Kelson for this most  
outstanding address. A most pleasing  
piano duet was rendered by Mrs.  
Boettger and Mrs. Ecker. The members  
entered into a most enjoyable popularity  
contest, under the direction of Miss  
Margaret Kelson. A table of several unusual  
antique articles was on display, among  
which was a German Prayer Book of  
317 years old, also History book of U.S. of 1824  
English Grammar of U.S. of 1824 and  
wall bracket, candle's dishes, night light  
Arrow-heads, and other Indian relics.  
A dainty lunch was served. A hearty  
note of thanks was tendered Mrs. Kelson for  
her kind hospitality, collection - \$3.08.
