

1000, OSIDE PARK at junction of Highways Five and Twenty-four was set aside by
 George Durott, Ontario Minister of Highways, as reserve in perpetuity to serve as setting
 for Memorial Cairn marking community near St. George where Mrs. Adelaide Hoodless, founder
 of Women's Institutes, was born. The organization she started in 1897 has flourished through-
 out Canada and in other countries. She was moved to that far-
 west town to save a life of a son from drinking sub-standard milk. To-day as Federated
 Women's Institutes in Canada join the Ontario Federation in welcoming Mrs. Durott's assembly
 of the 20th Century Women of the World to Toronto August 22-27 Mr. Durott hopes that
 the same good deeds and elsewhere will be recorded against the evilness of men-
 made milk which is the cause of most traffic accidents. In the city alone
 1000 deaths resulted in 1940 deaths. The cairn is 10 feet high and 10 feet in diameter
 and is made of stone.

The house where Women's Institutes founder was born is now Mrs. M. M. Colton
 of the red brick school which she attended as a girl.
