The convener also had ready the committees she felt would be required to get started, so they merely had to be "manned".

To show the manner in which everyone participated in the various duties names will be listed with the responsibilities. It will be noted that the committee did not meet again until a few nights before the "great event" when all sub-committees met to make final arrangements.

Mrs. Ralph Sills, Mrs. Earle Sayers, Mrs. Elmer Tufts (W.I. representatives ) along with the Rev. R. Nicholls visited the township council and were fortunate in having a fence erected around the Jones' cemetery and some levelling done. Their promise to put a cover of top soil was never done, so this cemetery, one of the oldest in the whole township, was not in a good condition to be proudly visited.

The results of the meeting are as follows:

Since the actual opening of the church had been in January it was decided to hold this centennial service as near the date of church union as possible - June 8 and 9 - a Saturday & Sunday.

It was decided to invite the Rev. George Denyes - a former Zion Hill "boy" to be the speaker and to definitely set the date best suited for him.

Special invitations should be made to the Conference President, to the chairman of Presbytery and to former ministers or their widows.

The compiling of the church history and looking into the printing of it was left with the convener.

The Saturday's events should begin with Registration.

A special book should be provided for this and Mrs. Percy Ray would be in charge with Mrs. Floyd Ray assisting.

Old School would be conducted with Mrs. Harry Ketcheson and the present teacher of the school assisting with the arrangements. Mr. Arthur Morrow a former teacher conducting the classes.
