# Going, going, gone!

Last Saturday, local OPP Const. Liana Braga got all wet for the Hillier Recreation Committee at Jack Fraser Park. And Hillier residents played their part in surrendering their twoonie for a chance to dunk the police officer who took it all in her stride.

The Hillier Day in the Park is a fund-raiser for the committee and included in its list of "dunkees" CML Snider Principal Vic Alyea and Hillier council representative Peggy Burris.

A minnow race, sponsored by former reeve Vic Coghlan, a log sawing contest, bean bag throwing contests and sack races for the children made Saturday an all out good time for all. Although the day started a little gray the sun shone through allowing for burgers on the grill and corn on the cob. Two determined young men and a large set of speakers made county music. And they seemed to just about say it all when they sang; "We're from the County and we like it that way." -- Pat Tooze photos.
