W.I. cooking spree

On Tuesday of this week, the ladies of Gilbert's Mills Womens' Institute gathered at the home of Mrs. Charles Harrington for an all day training session in cooking with dairy foods.

The instructors, Mrs. Leland Pearsall and Mrs. Gary McNamee had previously taken a similar 2 day course under the supervision of a food specialist from Toronto and a home economist from P.E. County.

The dishes were prepared in the morning and served for lunch.

In the afternoon the instructors led a discussion about dairy products, including different kinds of cheese and additives.

The menu prepared by the ladies was Spicy Carrot Soup, Colourful Sole Fillets, Macaroni and Cheese Casserole, Corn and celery Scallop, Cool Lemon Mould and Golden Puff Pie.
