On July 15, 1986 thirteen members of Gilberts Mills Women's Institute went to Belleville and had a guided tour of Reid's Riverside Dairy. It was very interesting, as we followed the milk process right through from the storage tanks to being bagged, stored or loaded on transport.

Then we went to the home of a member Mrs. Linda (Frank) Huizenga, at R.R. # 4, Stirling for a picnic lunch. Linda and family had just moved there in February.

After a good visit and a lovely lunch, even to a decorated cake for Linda's birthday and their anniversary, we went on to Corbyville for a picnic tour of Wiser's Distillery.
