

GLORIA, LINDA, MARIHN, MARION, MAY, MARILYN

This hour and half tour was very educational and enjoyed by all. Each of us was served a refreshing cold drink and given complementary coasters to complete our day at Wiser's Distillery.

As we departed for home the two cars got separated, one went on to the Corby's Rose Garden on William street in Belleville and enjoyed the profusion of beautiful roses.

But we all agreed it had been an interesting, educational and enjoyable day.
