

WOMEN'S INSTITUTE OPENING NEW PROVINCIAL OFFICE

Come visit with old friends and make new; attend the official opening ceremonies of the Provincial office; meet the Provincial Executive and office personnel, and experience the warm and relaxing atmosphere of the Women's Institute movement.

With a positive approach and a forward focus on the upcoming changes within the organization, the Federated Women's Institute of Ontario are moving ahead in order to meet the challenges of a changing society.

The Federated Women's Institutes of Ontario, in conjunction with the Corporation of Guelph, would like to extend an invitation to all former members and friends of the organization attend the official opening of the F.W.I.O. Provincial Office. The new office is located in the home adjacent to the Guelph Township Park on Wellington Road 30, with access from either Silvercreek Parkway Or Victoria Road.

This gala affair will be a garden party on Sunday August 21st, 1994, with the opening ceremonies at 1:00 p.m. and refreshments to follow. Provincial Board members from across Ontario will be on hand to offer tours of the new facility and answer questions about the organization.

Women's Institute is moving ahead with focus to the future because in 1997, we celebrate 100 years of educating women and we believe in our motto -

'For Home and Country'.
