CHEERS! from members of the Hillier W.I. to **Rolande LeBlanc** and **Derek Ryles**, of the Lavender Farm B&B, who hosted a recent tour.

PRO Rebecca MacKellar notes they learned that if you plant lavender, field animals will not eat the other plants. They were served tea, juice, muffins and biscuits – all made with lavender.

At their recent meeting, roll call was 'What is your favourite scent' and replies ran from fresh flowers, rain-drenched air, spices (including garlic) and new baby smell.

Sept. 20 is the next meeting, at 1 p.m. in the Hillier Hall. New members are welcome.
