

S.S.# 6 MAHOODS

The first Mahoods school was at Ranterville at Philp's corner, across the road from the Methodist Church. It was a crude building with home made benches and desks built along the walls, the pupils facing the walls. The other seats were benches without backs placed in the centre of the room. One of the teachers in this school was Mr. Montgomery who gave his pupils grammar text books for prizes.

The next school was a frame building of board and batten construction. It was painted white with red battens giving it the name of the "Striped School". It was situated a mile south of the old school. Later the school got bevelled siding. Some of the teachers in this school were ; Lou Proutt, Laura McNeill, Wes. Clark, Sophie Parr, Hattie MCLAughlin and Jack Vanderburg,

When the township school area was formed this school was closed and the building sold to Ross Philp.

1925
Mahood's School [Cartwright Township]-1925. Back left to right: Hector Thompson, Norma McQuade, Muriel Fallis, Stewart Thompson.
