

COMMUNITY

Great grandparents and progeny

The older couple in the centre of this photo are John Fenwick Cochrane (1864-1936) in hat and suspenders and his wife M. Katherine Pauli (1874-1965) standing, with the six of eight surviving children and some marriage partners. Back row, standing, left to right, son John Lewis Cochrane (1906-1984) and wife Mabel (Marlene's grandparents), daughter Kathryn Irene "Kittie" Cochrane (1900-2001), seated in the car is believed to be son Frank James Cochrane (1911-1974, married Helen Terryberry). The couple leaning against the car, far right, are daughter Lida V. Cochrane Asselstine (1901-1972) with husband Ross Asselstine. Crouching, front left is believed to be son Charles Cochrane (1904-1959), with son Frank James Cochrane (1911-1974) holding an unidentified child on his lap. The young boy with Katherine is also unidentified.
