"Centennial Walkway" a club project

Continued from page 14

Rotary Club is hoping to design and sponsor a "Centennial Walkway" between the old arena and the new Keeler Centre through a new housing development in Colborne. At the same time our club is working with the other 56 clubs in our District to refurbish a pre-owned ambulance and send it to Mexico.

With a current group of 19 eager men and women, the Colborne Rotary Club is one of the more active clubs in our District of over 50 clubs. The Colborne

Rotary Club meets at 6:15 p.m. each Monday evening (except holidays) at the Rotary Hall in the Keeler Centre in Colborne. We have excellent guest speakers, and we offer varied programmes as well as a variety of social gatherings throughout the year.

During our club's 56 years in Colborne we have had outstanding support from all levels of the community and at this time would like to extend a very large thank you to all businesses, corporations, municipal councils and the public at large who have been so

generous to us and have supported us in our endeavours. It has truly been outstanding.

From its humble beginnings, Rotary International has grown to a worldwide structure with major offices in ten countries.

As Rotary becomes 100 years young, all of its members remain steadfast to the "Four Way Test" originated by Herbert James Taylor, R.I. President, 1954-1955 and its code of "Service above Self" to act with Credibility, Consistency and Continuity.

For further information on Rotary International, the

Colborne Rotary Club or if you would like more information on membership, please call Club Service Director, Richard Hoffman at 905-372-4077, or, President, Jim Williams at 613-475-4261. Also, please visit our web sites at; www.rotary7070.org for our District information, or www.rotary.org for information on Rotary International.
