It was a sea of blue as the graduates of 2005 awaited the call to the stage to receive their graduation certificates and awards at East Northumberland Secondary School in Brighton June 29.

**Little Lake
under
study**

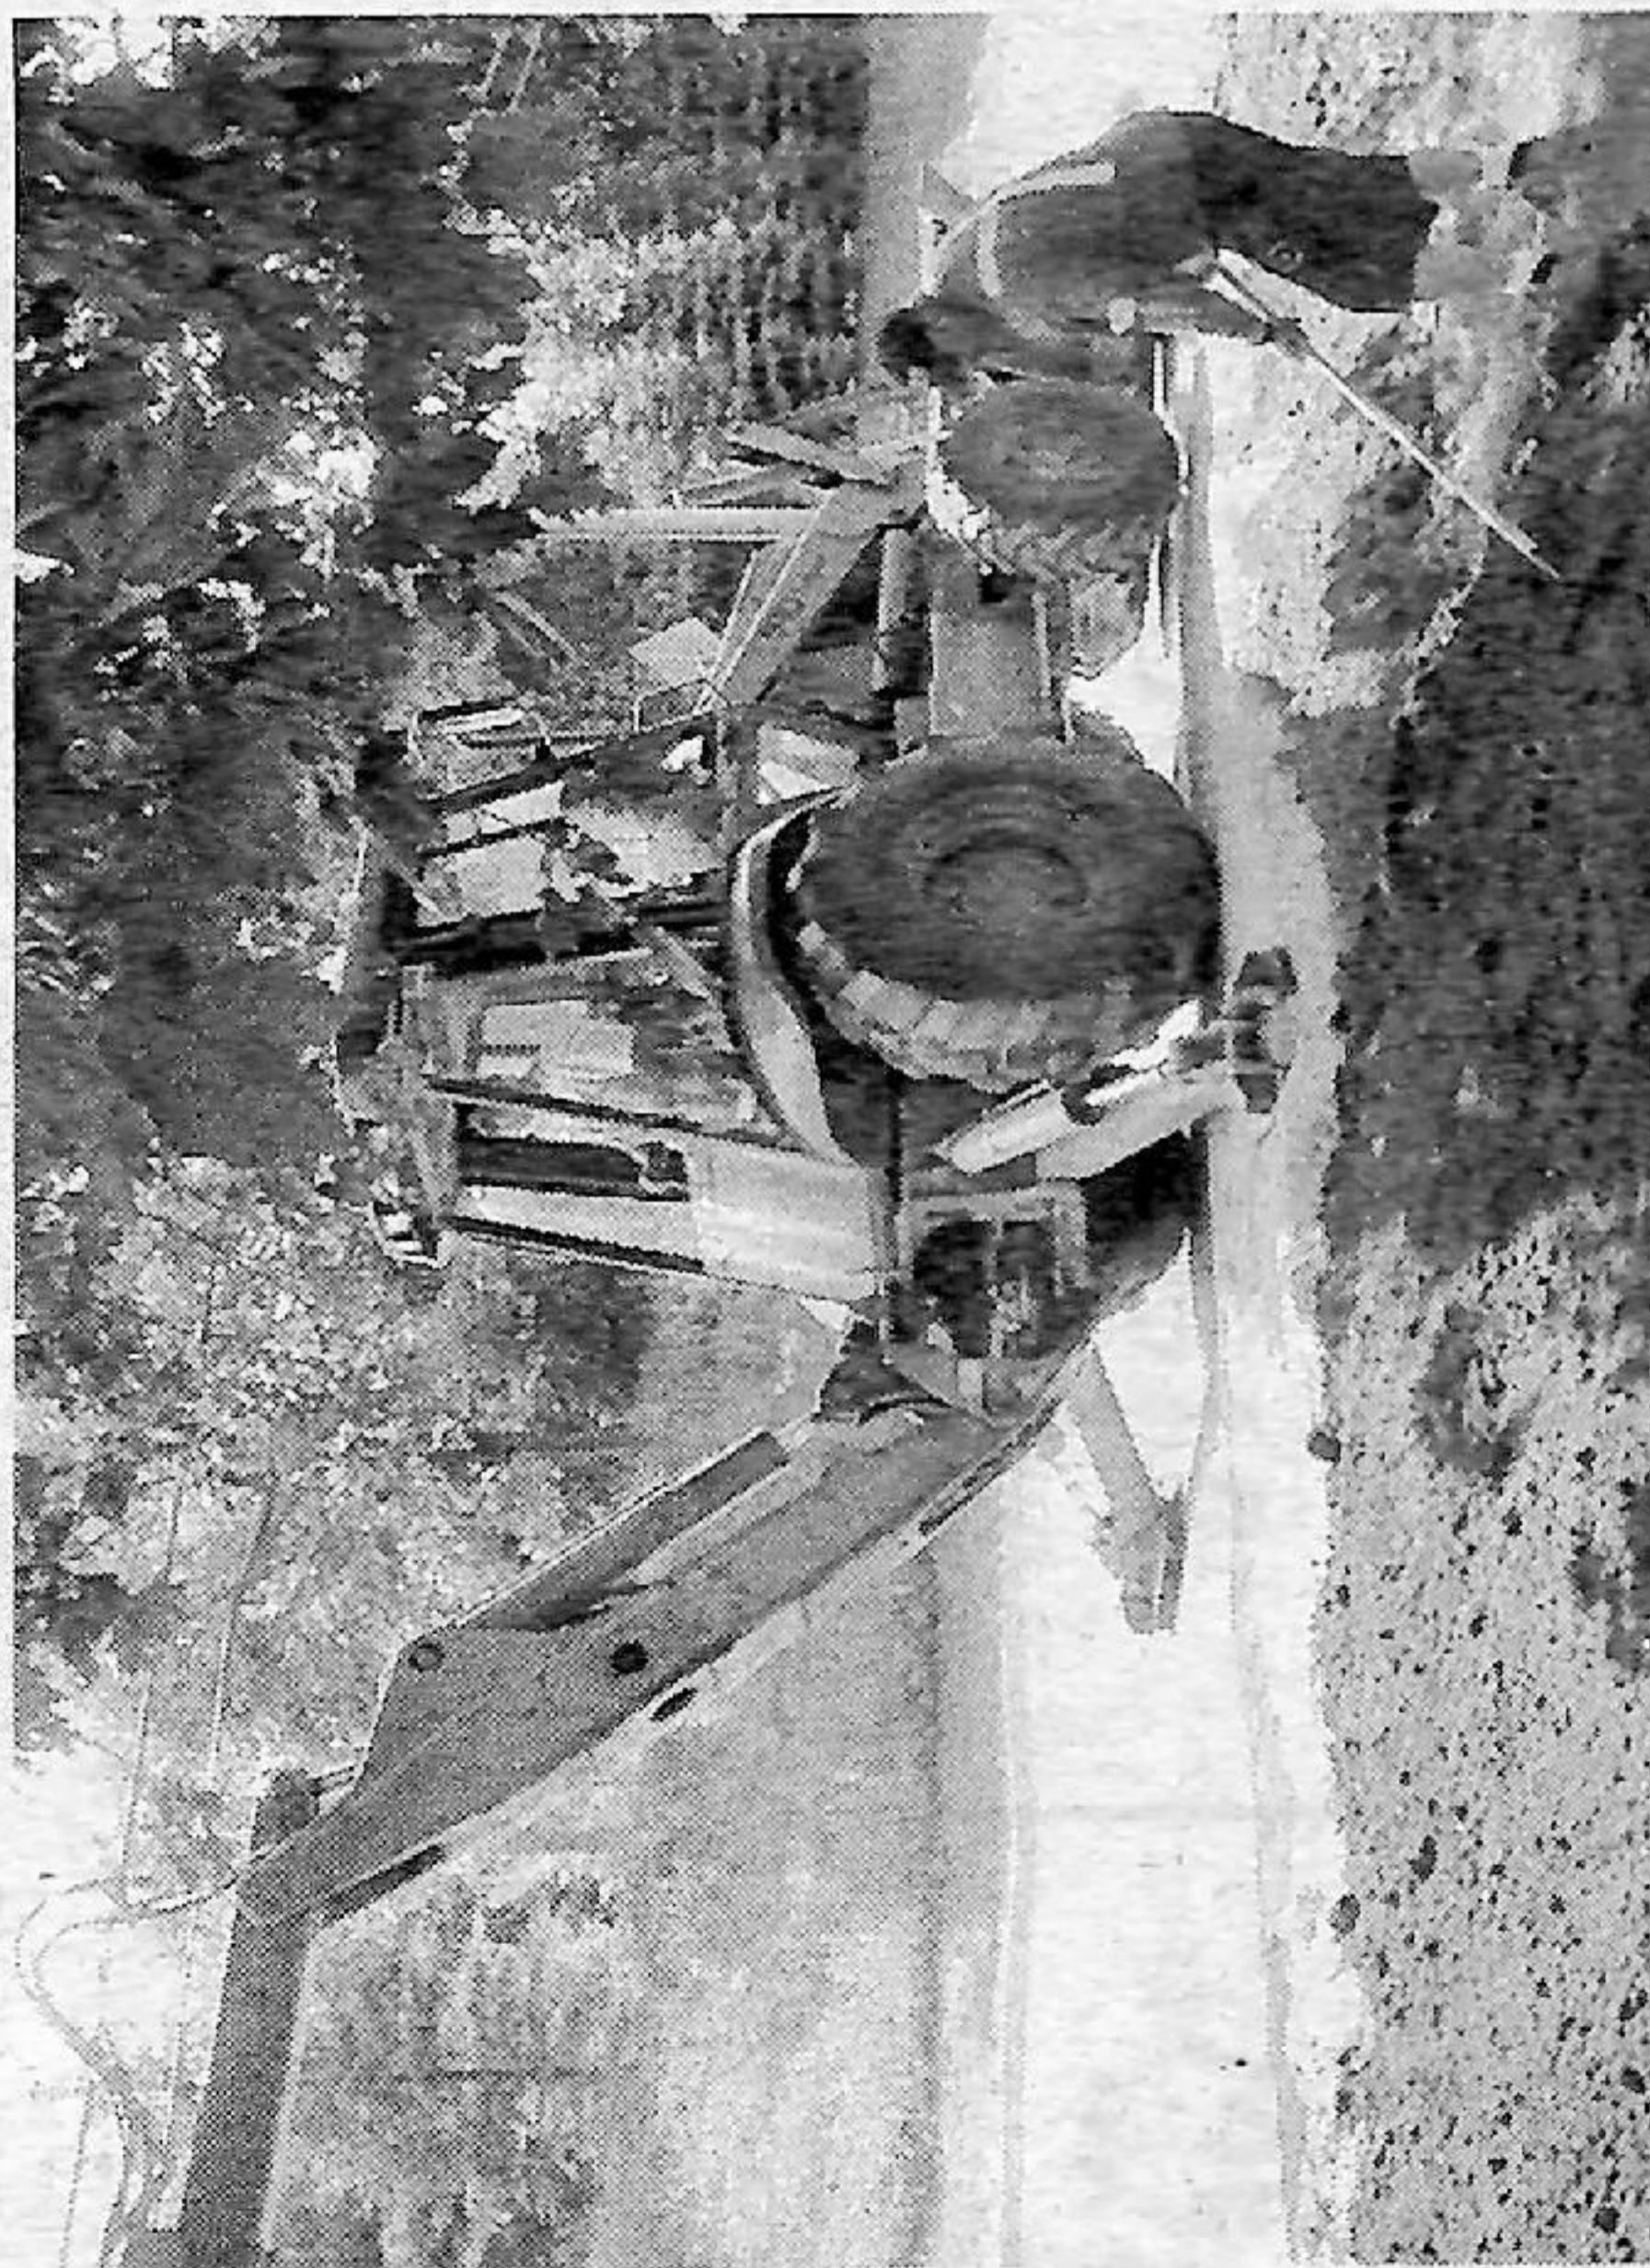

Improving the park at Little Lake is being studied under by Cramahe Township Parks and Recreation under the leadership of Rita Collins.

Parks and Rec will be hosting a public information meeting at the Keeler Centre 7 p.m. July 21, Mrs. Collins announced. At that meeting, input from residents of Cramahe about the improvement of the beach and park is sought.

Mrs. Collins has already met with some of the cottagers to inform them there will be a committee formed to study the park and make recommendations. She invites all interested to join her in this project.

The project is part of the Parks and Recreation Master Plan which was widely lauded for most of its recommendations last year.

NEW SIDEWALK ON DIVISION STREET

Jim Blakely provides the topsoil with the backhoe as Wayne Chapman spreads. The two Cramahe Twp. employees, along with truck driver John Jakab (not in the picture) were putting the finishing touches on the sidewalk along Division Street which the Cramahe Ratepayers' Association had requested. The citizens' group had pressed for the sidewalk, citing safety concerns.
