

Leisure Time

Enjoy the sunflowers and cornfields of east Northumberland

You can't beat late summer for the sunflowers and cornfields of Brighton Township — and there's no better time to consult the Northumberland County Driving Tours booklet to enjoy the Scenic Tour route.

Start at the Highway 401 exit in Colborne and head south just a few feet to Purdy Road, where you'll turn left and travel through the Cramahe Township Industrial Park. Just past that, you're on a lovely rural road that runs parallel to County Road 2 to the south and Highway 401 to the north.

It's got its share of hills too, and the one that peaks just at South Cramahe Public School on your left is so steep that it's hard to imagine a school bus full of children making it to the top.

Soon after the school, you'll pass some cottages that ring Little Lake on your left, though the best view you'll get of the lake

Enjoy a serene stop at the Harbour Street Parkette on Lake Ontario at Brighton.
