

Norwegian Air Force
 returning to Travelers Rest
 for dinner.

Genotaph moved to center of
 Joseph St. 1930

60 Years Ago

**From the Burk's
 Falls Arrow,
 August 1941**

We are glad to note that the airport at Emsdale, in our district, is being made use of. The Royal Norwegian Air Force is using it for training purposes. This air field, built as an emergency landing field some years ago, has a

hangar and administration buildings, which will probably be enlarged. Interlaken, an outpost of Limberlost Lodge, has also been occupied by the Norwegians as a recreational and training camp.

The Canadian National Exhibition this week cancelled all motor boat racing at this year's show as a move to join in the gasoline conservation effort being conducted by Canadians at

the present time.

The first made-in-Canada anti-aircraft gun, produced more than two months ahead of schedule, will be one of the features of the Department of Munitions and Supply exhibit in the Electrical and Engineering Building of the Canadian National Exhibition.
