Dear Supporters

On behalf of the Muskoka Women's Advocacy Group, I would like to thank you for your generous contribution towards children's needs.

Muskoka Interval House and Chrysalis are crisis shelters for women who have experienced abuse and their children. Chrysalis also offers ten transitional, supportive housing units for vulnerable women.

At our Bracebridge and Huntsville locations, the Muskoka Women's Advocacy Group offer programs such as: shelter services, supportive residential services, individual and group counseling to women and children, crisis lines, court and legal support, community education and co-ordination, recycled goods for women and children, community outreach projects, collaborative multi-agency programs and events, volunteer training and violence prevention classes. Although operational funds are provided by the government, a number of programs and services rely solely on donated funds.

Your efforts on our behalf are much appreciated. You have made difference in the lives of the women and children of Muskoka Interval house and Chrysalis.

Please find attached a receipt for income tax purposes.

Sincerely,

Lynne Newell
 Chair
