At the annual congregational meeting of the Port Perry United Church on Thursday, January 15th, Rev. W. J. H. Smyth was presented with the following address, and a handsome upholstered chair:

Port Perry, Jan. 14, 1942.

To Rev. W. J. H. Smyth:

Dear Friend: It is no easy matter to give expression to the thoughts of mingled regret because of your near departure, and thankfulness for the long, kindly, intelligent, and Christian service which you have given to the congregations of Port Perry and Prince Albert United Churches.

For nearly nine years you have been our Minister. You have shared our joys and sorrows; and have seen our comings and goings with an understanding and sympathetic eye. Your counsel has ever been cheerful and wise; and the ideals you have set for us have been worthy of a Christian people.

Many a home that has lost a loved one has gained solace and inspiration from your words of comfort. Many a kindly act is treasured in the minds of those who found you a friend in need. Your friendship with the children and young folk has been greatly valued.
