The Honourable W. K. Warrender

As one who, along with most citizens of Ontario, has followed the fortunes of Kearney through much of its interesting history, I am delighted with this opportunity of congratulating the citizens on the fiftieth anniversary of their incorporation. It gives me great satisfaction indeed to pay tribute to the dauntless courage and the unremitting toil of the early settlers of the district and to extend to their successors the very best wishes for the second fifty years.

W. K. WARRENDER
