

AN OLD SCHOOL CLASS

How many of these do you know? This is a picture of the teacher and pupils in the old Bethune school, on the 12th concession, taken over 60 years ago. Some of the kids in the picture are still living in Kearney.

THE OLD AND THE NEW

On the left is a picture of the old Kearney School. Built first at the turn of the century, it was first a one room building. About 1913 another room was added. Recently it was found to be too small, and with the joining of all schools in the area, the new modern building on the right was built, the old one demolished.
