

by all who attended, when friends from far and near renewed old friendships - truly a happy occasion.

As early as April 5, 1926, a meeting was called to consider the question of enlarging the church, and in May of that year a committee was appointed to employ the architect. T. F. Myers, W. J. Stoddart, Rev. Harston, F. C. T. Smith were the members of committee. Apparently plans did not go beyond committee for not until 1963 was anything further done. Then an addition was built to the north east side of the building. In this building are two new class rooms, a choir room with closet space for choir gowns, an entrance and two washrooms.

In 1962 the U.C.W. ladies had a guest book placed at the rear of the church. The bracket supporting it was the gift of Mr. and Mrs. Gordon English. Mr. English designed and installed it, being mindful to have the carving on it match the carving on the ends of the church pews. Mr. English did the carving on the bracket.
