

MRS. FLORENCE DIXON

I was born in 1902, near Manilla, and moved with my parents, Mr. and Mrs. G. Oke and sister Evelyn to the 14th concession of Mariposa in 1907. I received my education at Grant's School, which was on the North East corner of our farm.

The Department of Agriculture held short courses in cooking and sewing in Woodville in 1925, and I attended them. A Junior Institute was organized following the course. I was president in 1928, and during the year we presented a three act play in Woodville, and some surrounding places. The Junior Farmers co-operated with us for this. We also contributed a large variety of articles for the Lindsay Fair Exhibit. I married Harvey Dixon in 1928. We had four children, Clifford, Doris, Gordon and Lorne. We have resided in this community ever since and I have participated in Institute Work most of the time.
