

Members of the Library Board and volunteers have removed a large number of items from the branch, computers, files, supplies and books to name a few.

The local history and genealogy items and photographs have been moved to the municipal office in Colborne to be recorded. In November and December Felicity Sidnell-Reid, Lenna Broatch, Andre Rene and myself made a listing of these titles and records for Heritage Cramahe as the first step in turning this collection over to this committee. The Library Board will make this decision.
