

FOREWORD

The Northumberland County Branch of the Ontario Department of Agriculture takes pleasure in announcing that the annual Short Courses in Agriculture and Home Economics will be held at Grafton from November 21st to December 15th inclusive.

The Department of Agriculture furnishes all lecturers and demonstration material free. The only charge will be an enrollment fee of 50¢ to cover incidental class expenses.

The courses will be modern, practical, interesting and educational and will be based on subjects and problems of direct importance to the district.

The value derived from these courses depends on the ability and willingness of the young people of the district to seize this opportunity to fortify themselves with additional practical knowledge which will assist them in solving the increasingly difficult problems of making a living.

These courses are open to all. There is no age limit. Do not let this opportunity slip by. Next time will be too late. Plan your work now so that you can attend the courses regularly.

Classes will be held from 9.30 a.m. to 12 noon and 1.30 p.m. to 4. p.m., daily, Monday to Friday.

Students will register on Tuesday morning, November 21st and 9.30 A.M.

ACKNOWLEDGEMENT

The Northumberland Branch of the Ontario Department of Agriculture wishes to express its appreciation to the Council of the Township of Haldimand to the Trustees of the Grafton United Church, to the Grafton Women's Institute and to all organizations and citizens who have assisted in the organization and promotion of the Grafton Short Course.

SPECIAL FEATURES

The following special speakers will address the class. These men are all specialists in their particular line of work and the lectures will be of interest to all farmers in the community to whom a special invitation to attend on the following dates is extended.
