

The business has an impressive record of training apprentices in auto mechanics during its history. Those who served apprenticeships under Kay Coleman were Keith Curry, George Somerville, Melville Curry, Lawrence Edmunds, John Huckabone, sons Terry and Robert (Bob), Stewart Curry, and Mark Furlong.

Bob became manager in 1987 and took over ownership for the garage in 1992. Under his leadership, three apprentices have become licenced: Mark Furlong and Jamie Coleman, who are on staff at the garage at present, and Jamie Boldt, who now owns Gibson's Garage in Cobden.

Forester's Falls residents Doug and Vi Broome presented the Colemans with a plaque

on behalf of the recreation association thanking them for their assistance over the years with respect to fundraising.

**Kay and Esther Coleman celebrated 40 years in business in 1991 and received gifts from former apprentices.**
