

HEALTH EDUCATION

Women And Their Health

Good Health For Every Child

Preventive Medicines And Their Uses

What To Do Until The Doctor Comes

Most women are earnestly concerned with the health and welfare of the members of the family and the community. Good health is essential for good work, good citizenship and happiness.

Any ONE of the subjects listed above may be selected by the district.

Time required: One afternoon, 1.30 to 4.00 p.m.

HOME FURNISHINGS

Treasures In Your Attic

This conference aims to give some information on early Canadian furniture. Many of these pieces which are still in use in our homes today are of historical interest and sentimental value.

Slides will be shown. Therefore, it will be necessary to hold this meeting in a building with electricity to operate the projector. Arrangements for darkening the room will also be necessary.

A display of old furniture or pictures of old pieces will add to the interest of this conference. This may be arranged by the district executive.

Time required: One afternoon, 1.30 to 4.00 p.m.

PSYCHOLOGY FOR THE HOMEMAKER

We Call It Human Nature

"Conservation" is a byword these days. Human personality is one of the most important things we must conserve. The more we know about human nature, the more able we'll be to do our part in this conservation.

Time required: One afternoon, 1.30 to 4.00 p.m.

NOTE: *"We Call It Human Nature" may be the one choice of the district, or if desired, may be requested as an additional service.*
