

By Elsie Blay , for the Calvin Historical Society.

Since the Historical Society has been unable to proceed with the objectives due to lack of funding a meeting was held and it was decided to donate \$3,000 to the Recreation Committee to help with the cost of installing the required exhaust hood, which is equipped with Co2 fire protection, in the kitchen of the Community Hall in 1994. The balance of the funds were held in trust by the Township.

BONFIELD PUBLIC LIBRARY

Spring is here! Perfect time to check out all the gardening and landscaping books and/or videos your library has to offer.

LIBRARIAN'S RECOMMENDATION:

CARROTS LOVE TOMATOES; Secrets of Companion Planting for Successful Gardening, by L.Riotte.

This book will help you plan your garden to take advantage of the fact that vegetables and fruits have natural friends they prefer to be with. Like beets with onions, or corn with pumpkins (another advantage of this is that pumpkins are a deterrent to raccoons, which do not like to travel through the thick vines). Your beans and onions are natural enemies, so you just keep them at opposite sides of your garden. COMING SOON J.Grisham; THE RAINMAKER.

Grisham returns to the courtroom and weaves a riveting tale of legal intrigue and corporate greed. This is another spellbinding read from the most popular author of our time. Previous: The Firm, The Pelican Brief... JUST PURCHASED;

Ponds & Fountains. Step by step installation techniques. By J.Barrett.

The gardener's COLOR GUIDE. Designing the Flower Garden by Color and Season.

HOW TO GROW & NURTURE SEEDLINGS. (Video)
