

The Farmers' Market at Combermere held every Saturday morning has again this year been a great success. If you have not visited the centre you have missed out on some good bargains. The products range from fresh vegetables, to baked goods, crafts, and fresh fruit in season. Of course, the table of goods with proceeds to the Mentally Retarded has been successful again Mrs. Grace Giles is hoping to give another donation this year to the Barry's Bay Association. Last year she was able to give \$250.00 which was a big help because of the construction of the new Occupational Centre.
