

OYS' CAMP AT SILVER QUEEN LAKE

The Teacher at Eastford was Mr. Bowman.

Our Clute United Church celebrated its 21st Anniversary this Year, while Mr. Stanley Smith was minister. He organized the BOYS' CAMP which opened at Silver Queen Lake on July 2nd and which lasted for two weeks. Boys came from the surrounding District.

Mr. M. Rutherford came in late September to be Minister.

The summer Girls' Home Making Club unit was COTTONS MAY BE SMART for the beginners and SUMMER CLOTHES FOR GIRLS for Helen and Charlotte Dodds, led by Mrs. R. A. Dodds

Mr. Abernethy went to teach in Cochrane, and Mrs. F. W. Knight was teacher in Clute from September. Mrs. Hogbirg of Cochrane took over the #5 Clute School.

The Teacher at Burleyville was Miss Charlotte Dodds.

The Clute School Ball Team was victorious against a combined Eastford-Burleyville Team at Eastford.

Education Week was observed by a programme at the School, with the Inspector, Major Blanchard, as guest speaker. He brought his Super visor, Mr. Pearson, out to visit the Clute School for one morning. The Primary Grades had built an attractive Store at the back of the school, where they bought and sold articles, not forgetting "their ration books". A "Moving Picture Machine" had been built where the different grades showed "Movies" they prepared, representing both English and Social Study stories. Local clay was being used in modelling and baked in the oven. The School Paper had been revived with Gayford Stiles as Editor, and was to continue for four years. Mr. Pearson was very well impressed and remarked about the splendid spirit of co-operation which existed in the school. Agriculture was again taught, the class visiting the Dodds' farm during the Fall, where they were given a lesson on judging beef and dairy cattle. They also visited the new Cochrane Farmers' Co-Operative where they saw the new Potato Grader, made a quick trip through the Imperial Bank where they opened their Junior Red Cross Account and through Mr. Shirley's Cold Storage plant, where they saw the grading of eggs, and went to the Potato Fair. Mr. Mitchell, of Clute, had taken first prize on his dozen potatoes and second prize on his hamper. Other prize winners from Clute were Mr. Dodds, Knight, Wilkins and Pope.
