

Smile and the sun will pierce
 the shadows
Trust, and the mists will roll
 away
Give, and the Heavens will
 shine with glory
Work, and you'll have a happy
 day.

Thought:

You can't control the
length of your life, but
you can control its width
and depth.

You can't control the
features of your counte-
nance, but you can control
its expression.

You can't control the
distance your head shall be abo
be above the ground, but
you can control the height
of the contents of your
head. IT IS YOUR LIFE!!

Nothing in the world can take the place of persistence.....

Talent will not; nothing is more common than unsuccessful men
 with talent..

Genius will not; unrewarded genius is almost a proverb.
Education will not; the world is full of educated derelicts.
Persistence and determination alone are omnipotent. The
slogan "press on" has solved, and always will solve, the problems
of the human race.
